

# SASES Newsletter

September 2017 Edition

Authored by Grace Ogden

## SASES Hat Logo Contest

Our first go at having a logo contest went well! We received 5 awesome entries. The officer team decided the design below included multiple elements that represent the organization and would transfer well to a hat. The hat will also have "Tampa 2017" added to it. The artist is Grace Blackwell, an Oktaha High School senior from Chectoah, OK. She's excited to join SASES as an undergraduate member next fall and we are excited to see where SASES takes her! Congrats, Grace!

## Changes in the Election Process

This year the annual meeting in Tampa will feature a new election process. After listening to many suggestions from students, clubs, and advisors on how to make the election process quicker and have a better understanding candidate qualifications, the officer team and advisors have revised the process. Candidates will now fill out an online profile that can be viewed by all SASES members up to two weeks before the meeting. And, candidates do not need to be attending the meeting. Nominations will still be taken at the Saturday business meeting. Preliminary elections will be held through an online survey on Sunday afternoon and all dues paying SASES members (even those not present at the meeting) will be allowed to vote in the primary election (which will close late afternoon on Sunday). Final elections will take place on Sunday night, in which voting delegates will still make the final vote. View the complete process on any of the following pages: [ASA](#) – [CSSA](#) – [SSSA](#)
